

# DJ Ross Gold

## Biography

Born and raised in New Jersey, Ross Gold (Ross Goldstein) always had an interest in music and an urge to entertain people. He was exposed to the sounds of the 70's and 80's at a young age from his older brother and sister. He had also shown a great interest in hip-hop and the music of the 90's throughout his earlier years. Ross Gold began his DJ career at the age of 18 performing at college parties in dark basements and fraternity houses. Less than a year later he was discovered by a talent agent and was soon performing at local bars and nightclubs in the southern New Jersey and Philadelphia area. That was just the beginning. Learning from some of the area's hottest DJs including: Bryan Basara (MIXX @ Borgata – Atlantic City) , Johnny B (Taylors – Cherry Hill), Paulie Day (Casbah – Atlantic City), and Gabor Kiss (The Pool @ Harrah's – Atlantic City), Ross Gold quickly became a regular name in the Atlantic City nightlife scene as both a DJ and Emcee.

In just five short years DJ Ross Gold has performed at many of the areas hottest nightlife spots in front of thousands of people. He has been a resident DJ at premier venues such as: The Pool @ Harrah's Atlantic City, The Trump Plaza Beach Bar and The Foundation Room @ House of Blues. He has even had the pleasure of spinning at such prestigious events as the 2007 Miss Hawaiian Tropic Competition in Atlantic City. He rocks crowds with an electric mix of top 40, hip-hop, house, reggae, pop, mash-ups, disco, funk and 80's. Ross Gold always keeps the energy high and the dance floor packed. At one moment he may play one of today's hottest house tracks and at another he may drop a classic old school track that you haven't heard in years.

DJ Ross Gold continues to perform on a weekly basis all over the Tri-State area. Don't be surprised to find him behind the turntables at one of your favorite clubs moving with the crowd. His high energy sets continue to pack dance floors and don't expect that to change any time soon.
